Work samples

Please provide web links to two work samples. Dance Place acknowledges that creating and producing new work has been deeply challenging in the last year due to the Covid-19 pandemic and therefore artists may be limited in their selection of recent work samples. We encourage you to share work samples that are as recent as possible, and that reflect the type of work you are interested in creating during your residency. These samples may include recorded performance, a recording of a rehearsal, a digital performance or other type of digital artistic sharing, etc. If you have trouble uploading your work samples, you may email them to sarahg@danceplace.org.

The following questions may be answered in writing and/or uploaded via audio or video of no more than 10 minutes and submitted below:

Artist's Biography (2000 character count max)

Description of how the residency would be used. (3000 character count max)

OPTIONAL: Discuss your relationship to disability. (2000 character count max)
